Submit the following:

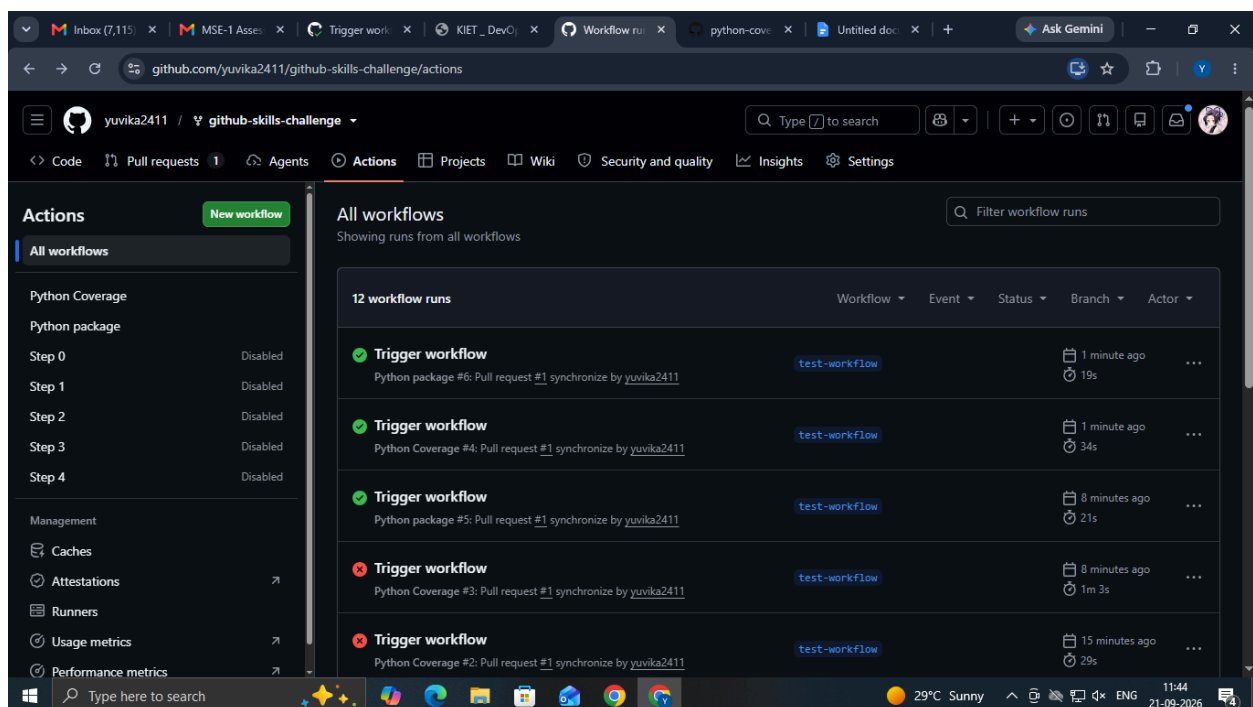

1. GitHub repository URL

<https://github.com/yuvika2411/github-skills-challenge>

2. Pull request URL used to validate the workflows

<https://github.com/yuvika2411/github-skills-challenge/pull/1>

3. Screenshot showing the GitHub Actions workflows

4. Screenshot showing a successful test workflow execution

This screenshot shows the GitHub Actions interface for a workflow named 'Trigger workflow #6' in the repository 'yuvika2411 / github-skills-challenge'. The workflow is triggered via a pull request 4 minutes ago and has a status of 'Success'. The total duration is 19s. The workflow file is 'python-package.yml' on the 'pull_request' event. The job 'build' is shown as successful with a duration of 15s. The interface includes a sidebar with 'Summary', 'All jobs', 'build', 'Run details', 'Usage', and 'Workflow file'. The main area displays the workflow details and a table with columns for 'Triggered via pull request 4 minutes ago', 'Status', 'Total duration', and 'Artifacts'. The status is 'Success' and the total duration is '19s'. The workflow file 'python-package.yml' is shown with the job 'build' and a duration of '15s'. The annotations section shows '1 warning and 1 notice'.
